USE CALF DRENCH

During periods of scouring, diarrhea, loose stool, and when off feed. Use also during & post treatment of antibiotics.

FEEDING DIRECTIONS

For optimum results, feed one level scoop (5g) per calf per day. In stressful situations, feed 2 level scoops (10 g) per calf per day.

STORAGE & HANDLING

Store in a cool place protected from light and moisture. Keep out of reach of children.

Caution: Follow label directions.

No Drugs - No Withdrawals - Mixes Easily

Calf Drench is a high quality blend which supports the digestive system. Contains a source of live (viable) naturally occurring microorganisms.

GUARANTEED ANALYSIS

- Bacillus Subtilis not less than 20 million cfu/gm
